

Smart Payment Solutions

ACCOUNTABLE

Our Smart Card system offers total accountability- every transaction is tracked in real-time.

ADAPTABLE

Enjoy complete vend pricing flexibility and the ability to easily change prices- anytime, anywhere.

EFFICIENT

Simplify collections, automate reports, and easily view machine analytics.

FLEXIBLE

Customers can purchase or add value to Smart Cards using cash, credit or mobile pay.

It's easy.

It's easy for customers. It's easy for owners. Our Smart Card solutions streamline the laundry process for everyone. Instead of wasting time searching for change, customers can easily purchase or add value to a smart card using cash, credit/debit card or mobile pay. Owners no longer have to count coins or fix jams, saving time while enjoying increased revenue from float and breakage. Prices can be set anytime, anywhere and analytics are just a few taps away with our tablet app.

Manage your business anywhere, anytime.

Our Smart Card system is not only a payment solution, it's also a business assistant.

Our back office software, Greenwald Management System, allows owners to easily manage their businesses with real-time tracking and robust reporting capabilities.

- Set-up machines and locations
- Easily set vend pricing
- Track all revenue, spending detail and refunds
- Real-time traceability of each unique smart card
- Robust reporting capabilities

Phone App	Not Available	Available
Add-Value Options	Cash Box, Credit Box, PinMate	Cash Box, Credit Box, PinMate

SMART CARDS AND KEY FOBs

Our durable Smart Cards are available in two options: contact chip or contactless. Tap-and-go fobs are also available for the contactless system. Each card has a unique ID for easy traceability. Custom printing promotes your brand.

SMART PHONE APP

Customers can pay for laundry, start machines, check availability and track progress- all from one app! The app is available for iOS and Android. It uses the same readers as contactless cards, allowing for more customer options without additional maintenance.
